

# Princess of Sky

**Princess of Sky** is a full HD 5-reel 9 payline slot based on the traditional tale of princess and her fairy kingdom. With the fab palace behind the reels and white pigeons in the sky, the slot creates a true atmosphere of the medieval fairy tale. It is packed with the glittering symbols of jewels, diamond rings, roses, gift boxes, golden crowns, and magic keys. It also brings a lot of magic to the scene: the blond Scatter princess triggering bonus free spins and the Wild ruby heart substituting any symbol to complete the winning combination.

Theoretical payout is 95.99%.

## Rules

The objective of the game is to spin the reels so that symbols displayed form a winning combination along the payline.

## Betting

- Choose the number of paylines by using buttons - and + in the bottom settings bar **Line Count**.

The Lines field displays the number of the selected lines. Each click on the + button increases the number of active paylines by 1. Each click on the - button decreases the number of active paylines by 1. Activated lines are highlighted on the screen. When the maximum number of lines is reached, the + button becomes disabled.

- To choose the bet per line value, use the + / - buttons below the **Bet value** field. The bet per line value chosen is displayed in the corresponding field.
- To start the reels spinning, click the **Spin** button.
- To activate all the paylines with the maximum bet per line value, use the **Max Bet** control.

The **Total Bet** field displays your total bet, equal to the number of selected lines multiplied by the bet per line value.

- Click the **Auto spins** button to choose the number of auto spins or use one of available auto spins options.
- Click the Start button to initiate a series of spin repeats. During auto spins the selected bet value and number of paylines remain the same as in the previous round. To stop the reels use the Stop button.

**Free spins** are played at the same bet and lines as the round activating these spins.

## Spin Results

- Note that only the highest win is paid on each of the active paylines.

## Bonus Features

- **Ruby heart** is a Wild symbol. Wild substitutes for all symbol except Scatter.

Malfunction voids all plays and pays! All unfinished rounds will be terminated every other day. If the game requires “Collect” - “Collect” will take place and the win from the round will be added to the player balance. If the game requires action from a player, the result is counted assuming that the player has chosen the action with no risk without raising the initial bet.
