## Features

**Wild symbols** substitute all symbols in the winning line except for Scatter symbols.

**Wild frames feature.** It is activated during the main game and includes a cycle of 10 spins. Each time the Gloves symbol drops on the reels, the cell on which it appears is framed with golden lines. All Wild frames become sticky for a 10-spin cycle, after which they turn into Wild symbols to increase possible winnings.

**Free spins.** 3 Scatter symbols, dropped on the reels, trigger 10 Free spins. Free spins can't be re-triggered.

**Sticky Wilds.** Each Wild symbol, dropped on the reels during Free spins, becomes sticky and stays in its position until the end of Free spins.

**Extra multiplier.** If the Gloves symbol drops on the cell that is framed with golden lines, this will increase the multiplier for that spin by 1. Extra multiplier applies to each winning combination. This applies to Free spins as well. Extra multiplier returns to value 1 when the new cycle of 10 spins starts.

## Spin Results

If a winning combination is formed along any active payline, it will become animated and the win amount is displayed in the **Total Win** field.

- All symbols pay left to right on consecutive reels of an active payline.
- Coinciding wins on several active paylines are added.
- Payouts are made according to the payable.

- Payline wins are multiplied by the bet per line value, except for Scatters.
- Scatter pays in any part of the display from total bet value.
- Note that only the highest win is paid on each of the active paylines.
- The spin can result in triggering Free spins. Free spins are played at the same bet and lines as the round activating these spins.
- If an Extra multiplier drops during the game, it is applied to a winning combination in the current cycle of 10 spins.
